

## Doncaster Fair (To the song Scarborough Fair)

Are we going to Doncaster fair?  
Fruit and fish from locals on time  
Remember all to those who live there  
For it still is a true love of mine

Tell tailor to make a new Donny shirt  
Fruit and fish from locals on time  
Without any seam or linen with dirt  
And then it's still a true love of mine

Tell bairn to wish in yonder dry well  
Fruit and fish from locals on time  
Where Don Water sprung to find a new well  
And then it's still a true love of mine

Fish and swim in old river Torne  
Fruit and fish from locals on time  
Where all trees blossom since Adam was born  
And then it's still a true love of mine

O, farmer now sell me some land  
Fruit and fish from locals on time  
Before the sea no digging for sand  
Or no longer be a true love of mine

O, can you plough with racehorse forlorn  
Fruit and fish from locals on time  
And sow it all to sell it for the corn  
Or no longer be a true love of mine

O, will you pluck a chicken of feather  
Fruit and fish from locals on time  
And tie me shoes made up from new leather  
Or no longer be a true love of mine

And when it's all sold we finish our work  
Fruit and fish from locals on time  
Then come again for a new Donny shirt  
And you'll always be a true love of mine
