Mother Rotary

Rotary the world over
A blessing, a four leaf clover
Work and service to bless
Dedication and profession, keen to address

Founded on peace and much understanding
Fellowship of people, most outstanding
Fine men and women of the rondle so round
Service for all to share around

Committed to sendee, a personal vocation
A community to sponsor, useful occupation
Advance peace and goodwill
Serve above self, someone else to fulfil

Bring folk together, help interact
Foundations built solid, members roteract
Not just vocal, more than local
Youth exchange of many a national
Round the world, truly international

Motivate and assemble
New ideas, oh watch district tremble
Spread the message use the grapevine
Sponsor development, advancement so fine
Attend to business, share some wine

Watch that average age
Double check the rule page
Stick to the book
Balance the outlook

If it's becoming a clique
Wave a wand, a magic stick
Bring on new blood
Keep it healthy no need to flood

Form the team, its club debate
Quality of content, it's first rate
No one to win, no one to lose
All more enlightened, more friendship to choose

This mother club in Doncaster Town
Keep funds coming, keep costs down
An annual dinner, new president, big dance
Along come fine folk from Mountbrisson in France

Now an event with rugby at Castle Park
Many fine speakers, good fun what a lark
Enjoy a good meal, even-one's a winner
Raising more funds at a very sporting dinner

Fellowship is the beating heart
Giving others a helping start
Sendee the very soul
Strong principles, goodwill the goal

No name to pick out
No need to shout
No need to mention
All equal no tension

Seek the best in fellow man
Seek no harm, do what you can
Promote the good, put no one down
That's Mother Rotary in Doncaster Town
