

Tours and Tests

In Australia another Lions
Test Up there with others maybe the best
For the Lions, a mighty big crew
Canary yellow, so few, behind the Roo

The game they played was very dark
Not to be seen on Rugby's park
The record shows we took the blows
They stole the show, they took that throw

What a wonderful place
With oceans of space
Enough to build a whole blooming race
We travelled it over, at such a great pace

We partied and played in lovely Brisbane
Such sights and great people, best yet Melbourne
Barrier reef right up the coast
With jolly good Cairns a wonderful host

The Opera and the Bridge
On the Rocks on the ridge
It's Sydney of course
Our tour's in force

As we wonder over sea and foam
Over to Cardiff, Italy and Rome
Up in Edinburgh, a Royal Mile to roam

In Dublin's fair city
Where the Guinness is so pretty
Where no Rugby follower is ever alone
To all England supporters, a second home

Whether we're five or more
We're off for a tour
To go to places yonder
The new jacket, now they'll wonder
It's another Wheathamstead Wonderer
